CLASS OF 2012

SENIOR PORTRAITS

Portrait Photography by Jamie Hooper

A Whole New Style of Senior Portrait!

All portraits are done outdoors and on location between mid-April and late October. Your personal session begins at your house where I'll help you select the best clothing. Then we'll go to locations nearby to insure that your portrait will be unlike any of your friends. You'll enjoy a minimum of 32 great expressions and a wide variety of creative settings and styles to choose from.

My Portrait Plan

The day of the session you make a pre-payment that will apply to your portraits. Later, you and your family decide how to use it after you view your proofs.

Viewing Your Proofs

There are two different ways for you to view your portraits. Both methods allow you to review them in the privacy of your own home.

- 1. PORTRAIT DISK:** This allows you to view your entire session on a computer screen. You cannot make prints from them, but you'll be able to see all your expressions much better than on small printed proofs. As a bonus, the disk also includes a slide show of your session and is yours to keep, copy, and share.
- 2. TRADITIONAL PROOFS:** This is a great option for those who prefer viewing their session as traditional 4X6 photographs **AND** want to own the entire collection. This requires that you pre-purchase the entire collection for \$175, but applies to your minimum purchase.

Pre-paid commitment to use any way you want.
Use anytime within 1 year: \$298

Wall Portraits

11x14:..... \$135
16x20: \$225
20x24: \$315
24x30: \$510
